

About Your S600C Modem

Congratulations on your new Franklin Wireless S600C 3G Modem!

Getting Started

Before using your S600C 3G Modem, review the User Guide and Quick Start Guide (QSG). Additional documentation and the latest drivers are available on the Franklin Wireless support site: www.franklinwireless.com/support.

Navigating the Support Site

The Franklin Wireless support page contains the latest information to assist you with device installation and management. Follow these simple steps to access the S600C software and documentation.

1. Access the Support site at: <http://www.franklinwireless.com/support>
2. Select: S600C.
3. Users who have a signed Non-Disclosure Agreement (NDA) on record with Franklin Wireless will be provided with a User Name and Password to allow access to proprietary software and documentation. Users without a signed NDA have access to basic documentation.
4. Download the User Guide and Quick Start Guide.
5. Check the FAQ section to ensure that you have the latest firmware (see the User Guide for installation instructions).
6. Refer to the Quick Start Guide for activation instructions.

Consult the User Guide or your Sprint Sales representative for more specific information.

Questions regarding set-up, installation, and Non-Disclosure Agreements (NDAs) can be directed to Franklin Wireless Customer Support at 1.800.959.3558 (Mon-Fri, 9:00A - 6:00P, PST), or email at cs@franklinwireless.com and nda@franklinwireless.com.
